

# SORTIFY

*Simplify Your Daily VIT Tasks*

*By Team: ByteBond*

Streamline the process of sending emails to proctors, wardens, or faculty for leaves or queries, with automated drafts for effortless communication.

## Mail Segregation

Quickly schedule room cleaning or request AC, electrical, or plumbing repairs—ensuring fast service without waiting.

## Mail Generator

Submit complaints or service requests easily and track real-time progress with instant notifications for all your needs—cleaning, repairs, and more.

## Complaints

## Request Services

## Admin Panel

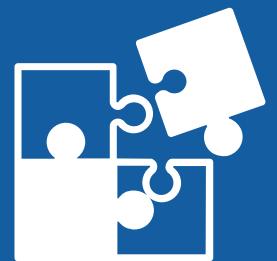

## User Panel

Effortlessly manage your VIT emails with Sortify, which categorizes them by interest—sports, internships, class updates, and more—keeping your inbox organized and visually appealing.

Report sanitation, room cleaning, or repair issues to your hostel warden with just a few clicks, eliminating the need for paperwork.

The main admin oversees all requests, while sub-admins manage block-specific issues, ensuring efficient coordination and timely resolutions.

# MAIL SEGREGATION

## MAIL FILTERING

It helps students to automatically segregate important emails, such as internship offers, mails from faculties about quizzes, etc thus saving from unwanted emails.

## TECHNOLOGY

Integrated with Gmail API and powered by a backend AI model that sorts emails and delivers results. Flask is used for web integration.

# PERSONALIZED MAIL GENERATOR

## Mail Generation

Automate the process of drafting and sending emails to proctors, wardens, and faculty for leaves or queries. Compose your messages with ease and efficiency with your own information.

---

## Tech

Integration with Gemini API, Gmail API, and your web platform. Flask is used for web integration.

---

# EFFORTLESS COMPLAINTS AND REQUESTS

Say goodbye to the hassle of paperwork. Report issues like sanitation problems, room cleaning, or repairs directly to your hostel warden with just a few clicks.

# INSTANT SERVICE REQUESTS

Easily schedule room cleaning or request repairs for AC, electrical, or plumbing issues with Sortify. Get immediate action—no more waiting around, just quick and efficient service at your fingertips!

# ADMIN PANEL

## Main Admin

Oversees all requests and communications, ensuring smooth operations and efficient management across the platform.

## Sub-Admins

Each block has a dedicated sub-admin managing requests for faster, more focused handling number of issues.

## Efficient Coordination

Requests are routed directly to the appropriate sub-admin, ensuring quick responses and timely problem resolution.

# User Panel

## Submit Requests

Easily log complaints or service requests for issues like cleaning, repairs, or maintenance through a user-friendly interface, simplifying the process in just a few clicks.

## Track Progress

Stay updated on the status of your requests with real-time progress tracking and instant notifications, ensuring you're always informed about resolutions.

# Thank you
